Preface

This Fact Book, Dear Colleagues . . .

. . . is The University of Akron's record of growth and leadership. Serving as both a map and a journal, it documents the dynamic steps we have taken over the past year. It allows each and every individual to see how her or his contribution has helped shape our university and is helping to define our path to the future.

The Fact Book describes the elements of our evolving goals and vision. It chronicles some of the excellence that makes The University of Akron *the* public research university for northern Ohio, including some recent achievements of which we are very proud. In just the past three years, we have taken bold steps toward capturing the University's destiny:

- At the midpoint of our multi-year, New Landscape for Learning campus enhancement program, three of six new buildings are completed, three more will be under construction by December 2002, and renovation work on 14 other structures is underway or completed.
- The March 2002 issue of *National Jurist* magazine selected The University of Akron School of Law as the best value in the nation, and our graduates had the highest passing percentage in all three categories of the February 2002 Ohio Bar Exam.
- In its April 30, 2001 issue, *Newsweek* cited The University of Akron and its College of Polymer Science and Polymer Engineering among the reasons for naming Akron one of the nation's top new "Tech Cities."
- *U.S. News & World Report* ranked The University of Akron's College of Polymer Science and Polymer Engineering second in the nation, making Akron the only public university in Ohio with a science and engineering program ranked among the nation's top five.
- In December 2001 the Knight Foundation awarded a $2.5 million grant to the University to advance the creation of a vibrant 40-block, mixed-use neighborhood surrounding the University.
- The University of Akron has set fundraising records each of the last four years, most recently receiving gifts of more than $27 million in 2000-01.
- Our Technology Without Boundaries℠ initiative has resulted in The University of Akron having the most wired-for-wireless campus in Ohio, and in partnerships with information technology corporate leaders such as IBM, Cisco Systems, PeopleSoft, Tivoli, Sun, Oracle, 2Way, Campus Pipeline, WebCT and AOL Time Warner.
- We have created the Career Advantage Network (CAN), a new program offered through the Center for Career Management that provides guaranteed, major-related, experiential learning opportunities prior to graduation for every qualified student, regardless of academic major or degree level.
- In February 2001 our Center for Health and Social Policy received the largest grant in the University's history, $13.7 million from the Robert Wood Johnson Foundation, to conduct national tests of a revised curriculum for the D.A.R.E. substance abuse prevention program.

We also have enjoyed crafting some evocative language to tell ourselves and others about who we are, such as, "setting the standard for excellence and student success in northern Ohio," "experience the Akron Advantage" and "creating a New Landscape for Learning . . . where you can dream, dare and do the things it takes to change the world." And, we have used our University mascot, that adorable kangaroo that we affectionately call Zippy, as a vehicle for describing the University's impact, saying: "All of us need to remember, in the metaphors of financial markets, that this kangaroo is bullish on Akron and on Ohio; it packs quite a punch, puts quite a zip into everything we do; and is always one giant leap ahead of the competition!"

Most important, we have accomplished all of this together, in the spirit of shared leadership! Yet, there still is much we must do, and will do, as we advance the obvious promise of The University of Akron – and share the story that is beginning to be told within the following pages.

I am deeply indebted to all of you who every day make The University of Akron better and better.

With every good wish,

Sincerely,

Luis M. Proenza, President

Section 1: Historical and General Information

Section 1.1: General Description

The University of Akron, Northern Ohio's leading public university, is a world leader in creating new materials for the new economy; a national leader in the development, protection, management and commercialization of intellectual property; and a regional leader in information technology initiatives.

Akron is the only university in Ohio to have a science and engineering program ranked in the top five nationally; its polymer science and engineering program, ranked second in the U.S., serves Ohio's $22 billion polymer industry and includes a NASA-supported nanotechnology initiative. The University also has strong ties with business leaders, including information technology partnerships with IBM, Cisco Systems and Time Warner, among others.

The University of Akron excels in many other areas as well, with more documented excellence than any other public university in Northern Ohio. The scope of that quality and its effects are evident in four clusters of excellence – Discovery and Innovation, Cultural Enrichment, Community Well Being and Economic Development.

With an enrollment of more than 24,100, The University of Akron is among the 75 largest public universities in the country. Approximately 800 full-time faculty members teach undergraduate and graduate students from 35 states and 102 foreign countries.

The institution offers more than 365 undergraduate, master's, doctoral and law degree programs. Through enhanced evening and weekend programs, on-site and distance learning classes at convenient locations throughout Summit and Medina counties, and its Wayne College branch campus in Orrville, The University of Akron gives students exceptional scheduling flexibility and convenience, in addition to a broad range of academic choices.

The University's responsiveness to the region's educational and technological needs has been its hallmark throughout the school's history.

The institution was founded as Buchtel College in 1870 by the Ohio Universalist Convention, which was strongly influenced by the efforts, energy and financial support of Akronites, particularly industrialist John R. Buchtel. From the outset, the college and the surrounding community were closely tied, with the college addressing the needs of the region as well as those of the Universalist Church and local entrepreneurs assisting the fledgling institution time and again. By 1907, Buchtel College's emphasis on local rather than denominational interests led it to become a private, non-denominational school.

The college's strong ties to the community and its challenging financial situation prompted Buchtel College trustees to transfer the institution and its assets to the city of Akron in 1913. For the next 54 years, the municipal University of Akron, assisted by city tax funds, brought college education within the reach of many more young people. During those years, enrollment swelled from 198 to about 10,000.

The University's growth paralleled the remarkable expansion of Akron. People were drawn to the city, already a major manufacturing center, by the promise of jobs. Companies such as Goodyear, Firestone and Goodrich were headquartered in Akron, so it was only natural that the world's first courses in rubber chemistry would be offered at the University, beginning in 1909. With the formation of the Rubber Technical Institute in 1942, University researchers and students were well prepared to contribute to the development of synthetic rubber to aid the Allied war efforts.

A long era of expansion followed World War II. Overseeing much of this growth was the University's 10th president, Dr. Norman P. Auburn. Under Auburn's leadership, the institution made the transition in 1967 from a municipal to a state university.

In the years to follow, as tire production jobs left the Akron area, the University's pioneering research was instrumental in helping the once-undisputed Rubber Capital of the United States evolve into the polymer center of the world.

In 1988, the University established the world's first College of Polymer Science and Polymer Engineering — now the largest academic program of its kind in the world.

Led today by its 15th president, Dr. Luis M. Proenza, The University of Akron has embarked on an ambitious $200 million campaign to create a New Landscape for Learning.

Construction of 6 new buildings, renovation of 14 other structures, the closing of two streets through campus and the addition of 30 acres of green space are underway. New degrees and certificates are offered in such areas as computer engineering, intellectual property law, e-commerce and international business. Research into biomaterials, nanotechnology and other emerging sciences offers hope for astounding medical and technological breakthroughs – and innovative activities in the arts and in community service continue to define and enhance the quality of life for those in the region and beyond.

The University of Akron begins the 21st century poised to become the public research university for Northern Ohio, comparable to what The Ohio State University has long been for Central Ohio and to what the University of Cincinnati has more recently become for Southern Ohio.

Section 1.2: Mission and Strategic Directions

1.2.1 Mission

The University of Akron, a publicly assisted metropolitan institution, strives to develop enlightened members of society. It offers comprehensive programs of instruction from associate through doctoral levels, pursues a vigorous agenda of research in the arts, sciences and professions, and provides service to the community. The University pursues excellence in undergraduate and graduate education and distinction in selected areas of graduate instruction, inquiry and creative activity.

1.2.2 Fundamental Strategies

- Attract and retain a higher quality and more diverse student body.
- Identify and eliminate barriers to a campus culture of service and make every effort to improve the campus environment.
- Increase student retention and progress toward completion of their academic programs.
- Improve the quality of the undergraduate experience.
- Cultivate scholarly and creative activities that are

recognized regionally, nationally and internationally.
- Acquire and efficiently utilize the human, informational, financial and physical campus resources needed to fulfill the mission of The University of Akron.

1.2.3 Charting the Course

Today, the University stands on the threshold of a fundamental shift in thinking and a sweeping recommitment of institutional talents, energies and resources toward attaining even greater excellence. The blueprint for change is "Charting the Course," which provides a common framework of understanding and direction. "Charting the Course " is an ongoing and dynamic process of strategic thinking that begins with the University's fundamental strategies and builds to where the institution envisions itself in the future.

1.2.4 Preamble

As we, The University of Akron, move into our 132nd year . . .

. . We are cognizant of the transformations that have marked the University's history, from our founding in 1870 as a private liberal arts school, to our transition in 1913 to the Municipal University of Akron and to our becoming a state university in 1967;

. . . We are grateful for our Founders, mindful of our traditions and enthusiastic about our future; and,

. . . We recognize that we create our future as a collaborative enterprise based upon a common framework of understanding and direction.

Charting the Course is that framework.

1.2.5 Who We Are . . .

Our expertise creates the new materials for the new economy,

And shapes the communities that we serve.

We are The University in, of and for Akron,

The public research university for Northern Ohio,

We are you.

1.2.6 Vision & Strategic Intent

Objective and documented excellence tells us that The University of Akron is already the leading public university in northern Ohio and signals a clear promise and destiny. We have framed our vision as a Statement of Strategic Intent:

The University of Akron intends to be recognized as the public research university for northern Ohio. It intends to achieve a prominence in northern Ohio comparable to that which Ohio State has long enjoyed in Central Ohio and which the University of Cincinnati has begun to achieve in the southern part of the state.

1.2.7 Priorities

Our number one priority is student success. Enabling student success will continue to be the hallmark of The University of Akron. We recognize, importantly, that students are the responsibility of all of us at the University, not just of those in our Admissions Office or of faculty in our classrooms. Moreover, we recognize that in today's knowledge economy students must be technologically competent and that the University must employ only the best management information systems. Thus, as a point of comparative advantage, we will be leaders in information technology.

1.2.8 Clusters of Excellence

We see The University of Akron as consisting of a set of four interrelated clusters of excellence that interweave to comprise the tapestry of who we are. Through the four clusters, the University is, in turn, engaged with the larger community that is Akron and Northeast Ohio. The four clusters of excellence are:
- Discovery & Innovation – All that we do to create and to protect new knowledge and technologies
- Cultural Enrichment – All that we do to define the cultural well being of the Greater Akron region
- Community Well Being – All that we do to enhance the general well being of our community
- Economic Development – All that we do to enhance the economy of Akron, Ohio, the nation and the world

1.2.9 Enabling Competencies

- First and foremost, we see our people -- the students, faculty, staff, alumni and our community. We are The University of Akron! We are you!
- We see that there is much about the University that is vastly under-celebrated. In fact, there is more documented excellence at The University of Akron than at any other public university in northern Ohio and more excellence than any one of us previously seemed to recognize. The University of Akron, like the hometown hero who is lost in the all-too-common "strangeness of the familiar," is far better than anyone has acknowledged.
- We see the exceptional success of our students and graduates, their leadership positions, their love of the University and their continued engagement with us. They demonstrate that the University has a significant capacity to enable student success. This means that we have an environment conducive to opportunity and one where students acquire the skills, knowledge and disposition with which they can capture and experience success. Thus, we recognize student success as a core competency.
- We see that our location in Akron, at the heart of a thriving regional economy, is a significant competitive advantage. Indeed, The University of Akron is in, of and for Akron, and community engagement is at the core of our portfolio of opportunities.
- Finally, we see that shared leadership is the enabling power of this University. We know that there will be no limit to what we can accomplish so long as we work collaboratively toward a common vision, and we recognize that defining and realizing that common vision is what the process of strategic thinking is all about.

1.2.10 Strategies

We employ five strategies to guide our initiatives. (Note: Parenthetical items are ongoing projects related to the strategy.)
- Campus Enhancement:
  We are creating a New Landscape for Learning. We are constructing 6 new buildings, and undertaking major remodeling or additions in 14 other structures. We are adding 30 acres of green space at the core of the campus and planting 30,000 new trees along walkways, plazas and terraces. We are also forming partnerships that will reshape our surrounding environment so as to create an extended opportunity for positive engagement with the communities beyond our campus. (Campus Master Plan; Knight Foundation Neighborhood

Revitalization Grant)

- Enrollment Management:
  We will strategically shape and determine the quality, diversity and size of our student body. We will take aggressive and deliberate action to reverse the enrollment trends of the last 10 years through increased recruitment and retention activities. (Professional development of faculty and staff will assist us in the implementation of this strategy.)
- Revenue Enhancement & Diversification:
  We will enhance and diversify our revenues through additional federal funds from grants and contracts, increased state funding and additional private fund-raising. With 93 percent of our current revenues now derived from enrollment-related sources, the University must gain new revenues and achieve other efficiencies. (Continuous Quality Improvement; Incentive-Based Budgeting; Ohio Polymer Enterprise Development Corporation; Ohio Eminent Scholars; Federal/State Relations)
- Focused Differentiation:
  We will set ourselves apart and build our reputation upon unique strengths that generate opportunities for synergy and leverage. We will differentiate ourselves from the competition so as to let students know why this should be their university of choice. We will attain technological and programmatic excellence related to our setting so as to create competitive and comparative advantage. Importantly, we recognize that building focused excellence will enhance the breadth and depth of our total educational offerings, thereby making The University of Akron more attractive to students, faculty and staff. (Career Advantage Program – The Akron Advantage; Honors Program; Ubiquitous Computing; Carnegie Teaching Academy; Enhanced Research Programs; Clusters of Excellence)
- Telling the story:
  We will share our pride objectively, document our points of excellence and provide students the differentiating information to make The University of Akron their university of choice. We will increasingly attain recognition as the leading public research university in Northern Ohio. (Advertising and Public Relations Campaign)

Section 1.3: Basis in Ohio Law

The General Powers and provisions applicable to State Universities in Ohio are found in Chapter 3345 of the Ohio Revised Code. The legal authority for The University of Akron is found in Chapter 3359 of the Revised Code. Specifically, Section 3359.01 states:

(A) There is hereby created a state university to be known as "The University of Akron." The government of the university of Akron is vested in a board of eleven trustees who shall be appointed by the governor, with the advice and consent of the senate. Two of the trustees shall be students at The University of Akron, and their selection and terms shall be in accordance with division (B) of this section. Except for the terms of student members, terms of office shall be for nine years, commencing on the second day of July and ending on the first day of July. Each trustee shall hold office from the date of his appointment until the end of the term for which he was appointed. Any trustee appointed to fill a vacancy occurring prior to the expiration of the term for which his predecessor was appointed shall hold office for the remainder of such term. Any trustee shall continue in office subsequent to the expiration date of his term until his successor takes office, or until a period of sixty days has elapsed, whichever occurs first. No person who has served a full nine-year term or more than six years of such a term shall be eligible for reappointment. The trustees shall receive no compensation for their services but shall be paid their reasonable necessary expenses while engaged in the discharge of their official duties. A majority of the board constitutes a quorum.

(B) The student members of the board of trustees of The University of Akron have no voting power on the board. Student members shall not be considered as members of the board in determining whether a quorum is present. Student members shall not be entitled to attend executive sessions of the board. The student members of the board shall be appointed by the governor, with the advice and consent of the senate, from a group of five candidates selected pursuant to a procedure adopted by the university's student governments and approved by the university's board of trustees. The initial term of office of one of the student members shall commence on July 2, 1988 and shall expire on July 1, 1989, and the initial term of office of the other student member shall commence on July 2, 1988 and expire on July 1, 1990. Thereafter, terms of office of student members shall be for two years, each term ending on the same day of the same month of the year as the term it succeeds. In the event that a student member cannot fulfill his two-year term, a replacement shall be selected to fill the unexpired term in the same manner used to make the original selection.

Section 1.4: Accreditation

Accreditation assures that degrees are recognized and approved by select regional and national education associations, societies and councils. The University of Akron has been approved by the **North Central Association of Colleges and Schools** since 1914 and has been reaccredited at the highest level as a comprehensive doctoral degree-granting institution. This recognition illustrates the high academic standards maintained at the University and assures students taking pre-professional courses leading to advanced study in such fields as medicine, dentistry, law and theology that they are receiving sound preparation for acceptance at other graduate and professional schools. Accreditation also provides the security of knowing that the University will honor most credits earned at a similarly accredited college or university. Degrees earned at the University are respected and sought after by prospective employers.

Section 1.5: Historical Highlights

FOUNDER JOHN R. BUCHTEL, BOARD PRESIDENT 1870-1892

Akron industrialist John R. Buchtel was instrumental in persuading the Ohio Universalist Convention to found its college in Akron. He and his wife, Elizabeth, donated $31,000 of the $60,000 required to build the College and remained closely involved in its daily affairs. They often provided food, loans and other support to students, and Mr. Buchtel guided the business operations of the College. Despite many other interests, the Buchtels devoted most of their energies and fortune to the College, donating a total of nearly one-half million dollars.

1870 The institution now known as The University of Akron is founded as Buchtel College by the Ohio Universalist Convention. Its site, Akron, is a small but steadily growing city of 10,000 along the Ohio & Erie Canal.

1871 The cornerstone for Buchtel College is laid on July 4. The speaker for the occasion is Horace Greeley, editor of the New York Tribune, a prominent Universalist and a soon-to-be candidate for the presidency of the U.S.

PRESIDENT SULLIVAN H. MCCOLLESTER, 1872-1878

An ordained Universalist minister, Sullivan H. McCollester became the College's first president in 1872. His official title was President of the Faculty, so McCollester – and his immediate successors – served as chief academic officer, while the Board of Trustees handled business and management functions. In 1878, despite having the support of the Board, McCollester resigned due to church quarrels in which student factions were enlisted.

1872 Buchtel College opens its doors to 46 collegiate students, 171 preparatory students and seven faculty members in September. The College offers three courses of study – bachelors of arts, of philosophy and of science. Tuition is $30 and rent just $10 per year. Board costs, including utilities and laundry, are $5 per week. For the first 27 years of its existence, most of Buchtel College's academic and social activities take place in one five-story building.

The first endowed chair is established, the Professorship of Mental and Moral Philosophy.

1873 Susie Chamberlain becomes Buchtel College's first graduate. She later joins the faculty.

Along with fraternities, sororities and a variety of special-interest clubs, Buchtel's students begin participating in intercollegiate athletics through baseball.

PRESIDENT EVERETT L. REXFORD, 1878-1880

Everett L. Rexford was a young local Universalist pastor who helped found Buchtel College but preferred the pulpit to the presidency. After two productive years in office, he resigned to assume a pastorate in Detroit, after carrying on a bitter feud in the newspaper with another area pastor.

1880 The first master's degree is awarded - to William D. Shipman Buchtel College class of 1877, and the first librarian of Bierce Library.

1882 For the first time, students are allowed to choose some elective courses.

PRESIDENT ORELLO CONE, 1880-1896

The third Universalist clergyman to head Buchtel College was Orello Cone, a distinguished scholar and professor of Biblical languages and literature. During his presidency, Cone directed a successful fund-raising campaign for the first gymnasium on campus. Ironically, his resignation 16 years later was prompted in part by student and alumni resentment of his lack of enthusiasm for the football team.

1891 Buchtel College fields its first intercollegiate football.

1894 Under the leadership of a young coach named John Heisman, for whom the coveted Heisman Trophy is named, Buchtel's gridiron squad defeats Ohio State 12-6.

PRESIDENT CHARLES M. KNIGHT, 1896-1897

Charles M. Knight, a professor of chemistry and physics, was the only layman to head the school in the 19th century. He was considered to be well suited for the presidency, but he preferred teaching and agreed to serve on only an interim basis. Knight provided "steady leadership" during his year as president, then was appointed as the first Dean of the Faculty and awarded an honorary doctorate.

PRESIDENT IRA A. PRIEST, 1897-1901

Yet another pastor of the Universalist Church in Akron was chosen to lead the young institution through a very difficult period. During his four-year tenure, Ira A. Priest dealt with the effects of a nationwide economic depression and a devastating fire. He resigned in 1901 to go into business.

1899 Fire destroys 'old' Buchtel, the school's primary building housing classrooms, dormitories, the library, and cafeteria. It threatened the very existence of the struggling school, but Akron's citizens and local entrepreneurs once again come to the support of the young institution.

PRESIDENT AUGUSTUS B. CHURCH, 1901-1912

Augustus B. Church was the last Universalist clergyman to serve as president of Buchtel College and the first person to assume the broad responsibilities of chief executive officer. In fact, Church served both as president and as a trustee of the institution – as well as pastor of the local Universalist church. He died in 1912 of pneumonia brought on by exhaustion.

1907 Buchtel College becomes a non-denominational, private liberal arts college.

1909 Buchtel College offers the world's first courses in rubber chemistry.

PRESIDENT & FOUNDER PARKE R. KOLBE, 1913-1925

The last president of Buchtel College and the first president of the Municipal University of Akron grew up on the Buchtel campus. The son of Professor Carl F. Kolbe, Parke R. Kolbe added a new element to the president's role, the political leadership required of an institution that is dependent on public tax money. He is regarded as a founder of the University, due to his leadership in transforming the private college into a municipal university.

1913 Trustees transfer Buchtel College's assets to the city of Akron, creating the Municipal University of Akron. The liberal arts department is renamed the Buchtel College of Liberal Arts (now the Buchtel College of Arts and Sciences), and tuition in that college is made free to any student whose parents live in Akron.

1914 The College of Engineering is formed and pioneers one of the country's first cooperative education programs.

The new Municipal University of Akron is accredited by the North Central Association of Colleges and Schools.

1915 Evening classes are offered on a regular basis.

1921 The College of Education is formed.

PRESIDENT GEORGE F. ZOOK, 1925-1933

George F. Zook devoted most of his energy to a controversial plan to relocate the campus on 60 acres of open land just west of Hawkins Avenue on Akron's west side. The site today of Good Park Golf Course. The stock market crash of 1929 helped influence voters to reject a bond issue that would have financed the move. Still, Zook guided the University through the beginning of the Great Depression, managing to maintain both academic quality and financial solvency.

1926 Trustees change the institution's name from the Municipal University of Akron to The University of Akron.

1927 "Zippers" is the winning entry in a contest to choose a nickname for the University's athletic teams. The name, suggested by Margaret Hamlin, is that of a popular overshoe manufactured by The B.F. Goodrich Company. The company grants permission to use the copyrighted name, which eventually will be shortened to "Zips."

1932 The University's Guggenheim Airship Institute is founded to conduct research in lighter-than-air flight as a joint effort with the California Institute of Technology. The Institute boasts about having the world's largest vertical wind tunnel.

PRESIDENT HEZZLETON E. SIMMONS, 1933-1951

Hezzleton E. Simmons, known affectionately as "Prez Hez" to the school's students, raised admissions standards to control enrollment, a policy that was precipitated by severe space constraints at the University. President Simmons persuaded his board of trustees to apply for funds from two federal work-relief agencies, the Works Progress Administration and the Public Works Administration, to build Simmons Hall and the first student center.

1939 At the request of Akron students, popular band leader Fred Waring composes a fight song for the school. *The Akron Blue and Gold* premieres on Waring's weekly radio show. The song's name comes from the University's colors, which originally were adopted by Buchtel College.

1945 Demobilized World War II veterans flood college campuses nationwide, including Akron. Every conceivable space on or near campus is converted to classroom space to handle the "G.I. Bulge."

Akron voters approve levies that enable the construction of Ayer Hall and what would eventually be named Crouse Hall. Wanting to maximize the use of taxpayer dollars, the Board insists on plain, rectangular structures.

PRESIDENT & FOUNDER NORMAN P. AUBURN, 1951-1971

Recognizing that voters did not understand much of what a university did, President Norman P. Auburn advocated campus growth and beautification as a means of gaining increased public support – and he succeeded greatly. Auburn oversaw tremendous growth in enrollment and the campus itself, fueled by municipal tax levies and private fund-raising. During his tenure, Memorial Hall and Kolbe Hall were among the many buildings constructed, the land that is now Lee R. Jackson Field was purchased, and plans were organized for financing the building of E.J. Thomas Performing Arts Hall. Because he engineered such significant growth and the transition of the institution to a state university, President Auburn is regarded, along with Presidents Buchtel and Kolbe, as a founder of the University.

1952 A University District is established to control construction immediately adjacent to the campus.

1953 The College of Business Administration is formed.

1954 While a Student Council effort to change the nickname of Akron's athletic teams from "Zips" to "Kangaroos" failed, a kangaroo mascot called "Zippy" (originally "Zippie") appears.

1956 The Institute for Rubber Research is created.

1958 The vote to amend the city charter to allow the University to receive operating funds from taxpayers initially fails by 64 out of 95,626 votes. A recount shows the amendment passed by 262 votes.

1959 The University's first doctoral degree is awarded, in polymer science. In so doing, Akron becomes the fifth Ohio university to offer doctoral work, following Ohio State, Western Reserve, Case and Cincinnati.

The School of Law is established.

1960 For the first time since the days of Buchtel College, students reside on campus, due to the opening of a new 98-bed men's residence hall, which would later be named Ritchie Hall.

1963 The University of Akron receives its first state tax monies.

Work begins on a formal plan that will guide future development of the physical campus.

1964 The Community and Technical College is formed.

In a five-day span in October, U.S. President Lyndon Baines Johnson and his opponent for the presidency, Arizona Sen. Barry Goldwater, visit campus.

The Institute of Rubber Research is renamed as the Institute of Polymer Science.

1967 On July 1, The University of Akron officially becomes one of Ohio's state universities.

1967 The College of Fine and Applied Arts and the College of Nursing are formed.

The Challenge '70 Capital Campaign is launched. The largest fund-raising campaign in the University's history, its goal is to raise $10 million by 1970, with most of the funds directed toward building a performing arts hall.

1971 Buchtel Hall, the only remaining structure from Buchtel College, is gutted by fire. It will be restored and will reopen in 1973.

PRESIDENT DOMINIC J. GUZZETTA, 1971-1984

Auburn's successor and former provost, Dominic J. Guzzetta, continued the campus expansion and beautification efforts. During his presidency, 15 facilities were constructed or acquired by the University, including the Rubber Bowl, which was transferred to the University by the city of Akron. The University also crossed Exchange Street – acquiring the East Crown apartment complex for dormitory space, the former Holiday Inn (now Gallucci Hall) and a former Cadillac sales and service facility (now Folk Hall).

1972 The Wayne College branch campus is established in nearby Orrville.

1973 The University of Akron joins a consortium with Kent State and Youngstown State universities to build the Northeast Ohio Universities College of Medicine in nearby Rootstown.

E.J. Thomas Performing Arts Hall opens its doors on the west side of campus on the former site of offices for John R. Buchtel's Buckeye Mower and Reaper Company.

PRESIDENT WILLIAM V. MUSE, 1984-1992

William V. Muse was known for his cooperative efforts with the city. He led the University as it "spanned the tracks," uniting the campus with Akron's central business district by acquiring the Polsky building on Main Street and its large parking deck on High Street, and the former Greyhound bus terminal on Broadway, which is now the site of the College of Business Administration building. Muse and city leaders also worked together to turn Buchtel Avenue into Buchtel Common, replacing a busy street in the middle of campus with a nicely landscaped, winding brick pedestrian walkway.

1986 The Ray C. Bliss Institute of Applied Politics is created to promote effective citizen involvement in politics. The Institute is named after the Akron alum, who was a distinguished chairman of the state and national Republican Committee, who also served as Chairman of the University's Board of Trustees.

1987 The section of Buchtel Avenue that runs through campus is closed and, during the next two years, will be transformed into Buchtel Common.

1988 The University establishes the world's first College of Polymer Science and Polymer Engineering. What began nearly 80 years before as a few courses in rubber chemistry has evolved into the largest academic program of its kind in the world. The city once known as the "Rubber Capital of the World" now is an international center of polymer research.

The University of Akron Press is founded. By 2001, it will publish 46 books and earn numerous national awards.

1991 The Polymer Science Building (later to be named the Goodyear Polymer Center) is dedicated. It will become a landmark for the campus and the city.

1992 Marion A. Ruebel serves as acting president from March through July, while a search is completed to replace President Muse.

PRESIDENT PEGGY GORDON ELLIOTT, 1992 – 1996

The University's first woman president, Peggy Gordon Elliott, sought to make the campus more "student-friendly," especially in serving those older and part-time students whom she called the "New Majority." During President Elliott's tenure the University Council was dissolved and the Faculty Senate created to provide a new system of governance for the institution.

1993 Faculty Senate is chartered.

1994 The Polsky Building on Main Street is opened. It is Ohio's largest academic building, the largest construction project undertaken by the University to date and a prominent extension of the campus into downtown.

1996 The polymer science program breaks into the top five of national rankings by *U.S. News & World Report* for the first time. The program is ranked second in the U.S.

PRESIDENT MARION A. RUEBEL, 1996 – 1998

During his 26-year career at the University prior to becoming president, Marion A. Ruebel had served in nearly every top administrative position, earning him the unofficial title of "designated hitter." The long-time education professor sought to improve the quality of education throughout the continuum, from kindergarten through college, and he expanded access to the University through a distance learning initiative, increased off-campus programming and a greatly enhanced scholarship program.

1996 Holdings of the University libraries pass the 1-million-volume mark in July.

The Scholarships for Excellence initiative is launched. It will create 200 full academic scholarships by 2000.

1997 The Medina Link project is begun, putting University resources within reach of more than 26,000 public school students throughout Medina County via distance learning technology.
In December, the University hosts United States President Bill Clinton for a nationally broadcast "town hall meeting" discussion titled, "One America: President Clinton's Initiative on Race."

1998 Former U.S. President George Herbert Walker Bush speaks at the School of Law Dean's Club Dinner in January.

With a $3 million gift from The Goodyear Tire and Rubber Company, the University concludes a $125 million fund-raising campaign three years early.

Trustees approve a contract to complete a new plan for enhancing the campus and its facilities.
The University announces its intent to pursue two complementary goals – being named as a Carnegie Teaching Academy and increasing annual federal research funding to more than $15.5 million.

PRESIDENT LUIS M. PROENZA, 1999 – present

A nationally known spokesperson for higher education and economic development through university-based research, Luis M. Proenza is leading the University toward capturing its destiny of becoming recognized as the leading public university in northern Ohio and the public research university for northern Ohio. Through his shared leadership approach, President Proenza has engaged the University and much of the surrounding community in embracing and pursuing a new vision for the University, which is outlined in a document titled, "Charting the Course." Under his guidance, the University has undertaken a $200 million campus enhancement effort as well as aggressive enrollment management and marketing initiatives, and it has set three consecutive annual fund-raising records.

1999 The New Landscape for Learning campus development initiative is launched. With a $200 million investment, 6 new buildings and major expansions or renovations of 14 other structures will be completed during the next five years, two main streets that cut through campus will be closed, and 30 acres of new green space will be added.

President Proenza begins a campus-wide strategic thinking process with a two-day retreat in which more than 150 members from all segments of the University community participate.

Dr. James D. D'Ianni, an important figure in the history and development of synthetic rubber, donates $1.75 million – the largest individual donation ever directed to the University's research efforts.

The Center for Health and Social Policy is established.

The first annual public policy forum is held. "Innovations in State Science and Technology Practices: How State Governments Best Leverage and Drive Economic Development" draws participants from throughout the nation.

The market value of the University's combined endowments exceeds $250 million.

The University establishes partnerships with seven industry leaders in information technology, including IBM, Cisco Systems, PeopleSoft and Time Warner.

The John S. and James L. Knight Foundation award a grant to the University to develop an outline for future revitalization of the neighborhood surrounding campus.

City of Akron officials agree to permanently close portions of Carroll and Brown/Union streets in 2001 in support of the University's New Landscape for Learning development efforts.

2001 James and Gail McCready give the University $5 million, its largest alumni donation.

The University's Center for Health and Social Policy receives a $13.7 million grant from The Robert Wood Johnson Foundation to create a new, state-of-the-art substance abuse prevention curriculum and test it nationwide. It is the largest grant in University history.

The University posts its fourth-consecutive record year for private giving, receiving donations of more than $20 million for the first time in its history.

On June 8, the first new building of the New Landscape for Learning Plan is dedicated, the Polymer Engineering Academic Center.

Section 1.6: University of Akron Alma Mater and Fight Song

1.6.1 The Alma Mater (lyrics by Augustus B. Church)
Close beside Cuyahoga's waters,
Stream of amber hue.
O'er old Buchtel Summit's glory,
Waves the Gold and Blue,

Chorus:
Hail we Akron! Sound her praises, Speed them on the gale,
Ever stand our Alma mater, Akron hail, all hail!

1.6.2 The Akron Blue and Gold (Fred Waring, 1939)
We cheer the Akron Blue and Gold,
We cheer as the colors unfold.

We pledge anew, we're all for you,
As the team goes crashing through FIGHT! FIGHT!

We cheer the Akron warriors bold,
For a fight that's a sight to behold.
So we stand up, and cheer and shout for Akron Blue and Gold.

Zzzip!............ Zip go the zippers,
Zzzzip!........... Zip go the zippers,

Akron U, Gold and Blue
All for you, And the Zippers too!

Section 1.12: The University of Akron Alumni Association Award

Alumni Honor Award

The University of Akron Alumni Association presents the Alumni Honor Award each year to alumni who have achieved distinction in their chosen fields or demonstrated loyal service and active interest in their Alma Mater.

The Alumni Honor Award was first presented in 1961. In 1986, The University of Akron Alumni Board of Directors officially renamed the award, honoring recipients in three distinct categories: Excellence in Professional Achievement, University Service, and Community Service. Today, all Alumni Honor Award recipients are listed equally as holders of the Alumni Honor Award for excellence in all of these categories. The Office of the Alumni Association accepts nominations for the award throughout the year.

Section 1.15: University Superlatives

The following facts are just some examples of the documented excellence that establishes The University of Akron as the leading public university in northern Ohio:

1.15.1 National Recognition

The University of Akron is ranked by *U. S. News & World Report* as one of the 228 national universities in the United States. According to the magazine's 2001 rankings, The University of Akron is among only six other Ohio universities that had any programs ranked in the top 25 nationally. What is more, The University of Akron is the only university in northern Ohio to have a science and engineering program ranked in the top five in the nation. Akron's Polymer Science and Polymer Engineering program is ranked second in the United States, ahead of such highly regarded universities as M.I.T. and Caltech. As of March 2001, Akron's program in Industrial/Organizational Psychology is ranked 8th nationally.

The March 2002 issue of National Jurist magazine features The University of Akron School of Law in its cover story titled "Best School for your Money." UA received 2.9 out of 3.0 points, the highest rating of any law school in the country, public or private, giving it a "Best Value" rating. The only other Ohio school ranked — Case Western Reserve University — received a "Great Value" ranking under the category of private schools. The magazine ranked schools on tuition, bar pass rates, employment rates, median grants, clinic slots and faculty-student ratio.

The University of Akron's School of Law applications have increased 28.6 percent from fall l998 through fall 2001. Data from the fall 2001 entering class indicates that Akron is the third most selective of all the Ohio law schools — admitting only 46.7 percent of the students that applied.

For the fourth time since 1990, The University of Akron Richard L. Hansford National Residence Hall Honorary Chapter was presented the prestigious "Chapter of the Year Award" by the National Association of College and University Residence Halls. This is the highest honor bestowed by NACURH, which is the largest student-run organization in the United States. The 2001 UA NRHH Chapter was recognized for exceptional and outstanding University and community outreach programs and activities. These included an "Adopt-A-School" program with a local elementary school.

The Association for the Promotion of Campus Activities named The University of Akron Residence Hall Program Board as the "2002 Program Board of the Year."

The University of Akron dance program was selected in 2001 as the Ohio recipient of the National College Choreography Initiative. Only one college or university is selected from each of the 50 states for this newly created innovative program, which awards $10,000 to each school.

The University of Akron was identified as having one of the five best graduate sales programs in the country by Sales and Marketing Management magazine in its August 2001 issue. Others on the list include Baylor University and Stanford University. The publication also noted that UA is one of only three schools in the United States to offer a bachelor's degree in sales.

A study released in late July 2000 by The Lombardi Program on Measuring University Performance, based at the University of Florida, examined American universities on 10 different measures of quality and ranked the top 100 public and private universities for each measure. The University of Akron was listed among the top 100 public universities on five measures – endowment assets (81st), national academy members (76th), doctorates awarded (75th), postdoctoral appointees (96th), and national merit and achievement scholars (77th). In Ohio, only Case Western Reserve, Ohio State and Cincinnati were ranked among the top 100 on more measures, and in northeast Ohio, no other public university came close to The University of Akron's performance. The only other area university that appeared among the top 100 public universities did so in only one dimension!

Photographer Andrew Borowiec, a professor at the Mary Schiller Myers School of Art, was awarded a 1998 Guggenheim Fellowship, which is considered to be one of the most distinguished awards in the country. Other University of Akron recipients of this honor are Constance Bouchard, professor of history, who won in 1994; and Wayne Mattice, the Alex Schulman Professor of Polymer Science, who won a Guggenheim in 1976.

The Surveying and Mapping Technology program is Ohio's only degree program focused exclusively on land surveying. It is one of only 14 four-year degree programs in the nation, according to the American Congress on Surveying and Mapping. Akron's surveying curriculum is one of only three university programs in Ohio approved as meeting the education requirements for students planning to take the professional licensure examination.

The University of Akron offers the only accredited Emergency Management Degree Program in the United States. It is the only such program in Ohio and one of fewer than 10 in the country.

The College of Business Administration is among the top 10.5 percent of business schools in North America to earn all four levels of accreditation from the American Academy of Collegiate Schools of Business — undergraduate and graduate business, plus undergraduate and graduate accounting.

Gamma Kappa, the UA Chapter of Pi Sigma Epsilon — the national professional fraternity in marketing, sales management, and selling — has ranked in the top eight nationally every year since 1987.

The College of Business Administration Career Center is one of only 67 programs nationwide to receive alumni support grant awards from the Ewing M. Kauffman Center for Entrepreneurial Leadership. The center has won support grants from the foundation in each of the past six years.

The National Institute for Trial Advocacy ranked University of Akron trial teams fifth in the nation in the three-year ranking for 1999-2000 and categorized them among the "best of the best" champions. In 2001, for the 13th year in a row, Akron's trial program was named as one of the top 16 programs in the nation by the institute. The team was national runner-up in the N.I.T.A. Tournament of Champions.

The University of Akron College of Nursing has the nation's best undergraduate curriculum for gerontological nursing, according to The American Association of Colleges of Nursing and the John A. Hartford Institute for Geriatric Nursing. The organizations named Akron as the 1999 recipient of the Award for Exceptional Curriculum Content in Gerontological Nursing. In announcing the award, the AACN said the college's "undergraduate curriculum gerontology initiative demonstrates exceptional innovation, relevance and replicability." The AACN has published the college's curriculum as a model for other nursing programs to follow. In November 2001, the College of Nursing established a Center for Gerontological Health Nursing and Advocacy.

The University of Akron is the only university in Ohio that is accredited at the master's and doctoral level by the American Association for Marriage and Family Therapy.

The Archives of the History of American Psychology, housed at the University, is the largest and most famous resource of its kind in the world. The facility has been described as occupying "a position of unequalled importance among researchers in the history of psychology" (Sokal and Rafail, 1999). Its holdings include collections from more than 700 psychologists; records of more than 100 psychological journals and organizations; 153 miles of child development film plus 250 additional reels of film; 3,000 rare photographs; 5,000 test cards, blanks, and manuals; 3,000 rare and antiquarian books in psychology, philosophy, and science; and approximately 700 pieces of psychological apparatus, such as B.F. Skinner's first teaching machine, Stanley Milgrim's "shock" machine, and brass instruments from 19th century psychology laboratories.

The Ray C. Bliss Institute of Applied Politics is one of the nation's premier centers of research and instruction on the "nuts and bolts" of applied politics. The University of Akron is one of only five institutions in the United States that offers such a program. Many former interns occupy leadership positions in politics and government around the country. For example, Bliss graduates managed the Ohio campaigns of George W. Bush and Al Gore in the 2000 presidential race.

Wayne College is the second most wired two-year institution in the country, according to the May 2000 issue of Yahoo Internet Life magazine.

The University's School of Dance, Theatre, and Arts Administration was listed among the top 28 "most sought after dance programs in the country" in the September 1999 issue of Dance Spirit magazine. The school has a large undergraduate dance program that alternates with Ohio State's as the largest program in Ohio. Its resident company is the nationally acclaimed Ohio Ballet.

The University of Akron is the nation's largest single center of polymer education. It serves more than 300 graduate students in the College of Polymer Science and Polymer Engineering. The University also offers noncredit training in plastics processing and testing, a two-year degree program in polymer technology, undergraduate polymer specializations in chemistry and chemical engineering, and an undergraduate degree program in mechanical polymer engineering. These varied programs serve an industrial cluster that accounts for nearly one quarter of Ohio's manufacturing output.

Faculty in the College of Polymer Science and Polymer Engineering include winners of the highest international honors bestowed for achievement in the polymer field, including the Charles Goodyear Medal from the Rubber Division of the American Chemical Society, the Chemical Institute of Canada's Dunlop Medal, the Morely Medal from the American Chemical Society, the Colwyn Medal from the Plastic and Rubber Institute of Great Britain, the Bingham Medal from the Society of Rheology, and the Ford Prize in High Polymer Physics.

The Community and Technical College's two-year Polymer Technology program was Ohio's first degree program focusing exclusively on the plastics and polymer processing industries.

Through its departments of chemistry, polymer science and physics, the University houses one of Ohio's largest concentrations of advanced Nuclear Magnetic Resonance instrumentation.

The Molecular Spectroscopy Laboratory, operated by the Department of Chemistry, is one of the best-equipped and most productive laboratories of its kind in the state. The department's Unityplus 750 MHz NMR instrument is one of only two of its type in the world that has accessories geared for polymer research. The equipment enables the Department of Chemistry to assist the research efforts of more than 40 local, national and international companies.

Students of all ages can now take a variety of multimedia college courses at these locations, and interact with their peers and instructors, without traveling to our central campus.

The University of Akron operates UADILES™, Ohio's only dedicated distance-learning fiber-optic network, providing an ultra-high bandwidth connection for real-time, interactive transmission of voice, video and data between the University and remote classrooms on area high school campuses and other distant facilities. UADILES™, which stands for UA Distance Learning Systems, is recognized as a pioneering use of next-generation broadband Internet capabilities to provide one of the world's most advanced and "student friendly" distance learning applications.

1.15.3 Economic Development

The University of Akron has the only bachelor's level Automated Manufacturing Engineering Technology Program in northeast Ohio. The region's dependence on manufacturing and its importance to manufacturing is illustrated by the fact that Ohio led the nation for three years during the last decade in terms of new manufacturing plants and manufacturing plant expansions.

The University of Akron's finance curriculum is one of only three university programs in northern Ohio approved as the educational component for students planning to sit for the Certified Financial Planner certification examination (as of March 2001).

The College of Engineering's Cooperative Education Program is the fifth oldest in the nation, according to the American Society of Engineering Education/Cooperative Education Division. It serves 540 students and 100 companies in 21 states.

The University of Akron has the most significant endowment of any public university in northern Ohio. Akron's combined endowments reached a high of $228.7 million in June 2000. D.A.R.E. program, a drug education program for seventh through ninth grades.

The Audiology and Speech Center is a training facility for students. Working under the guidance of faculty, students provide assessment and treatment services for more than 1,000 clients each year, including children with speech, language and hearing disorders. The University of Akron and the University of North Carolina are the only two university training centers in the country providing auditory-verbal clinics for children with severe hearing impairments. The center also services adults, including those who have acquired head traumas; persons who cannot speak and require technology to express themselves; and elderly persons with hearing losses. Its fully endowed and privately funded Assistive Listening Device Lab, where individuals with hearing loss are introduced to numerous new forms of listening technology, is the only lab of its kind in Ohio.

The Clinic for Child Study and Family Therapy Services was formed in 1986 as a training, research and teaching facility. Approximately 800 clients a year use the clinic, which is staffed by master's degree and doctoral students, and supervised by licensed faculty. Confidential treatment is designed on a case-by-case basis.

The Decker Family Development Center, a collaborative effort started in 1990 involving The University of Akron's College of Education and the Buchtel College of Arts and Sciences, Children's Hospital Medical Center of Akron and Barberton City Schools, is recognized as a national model for the coordination of early intervention services. The center has earned numerous national and state awards, including the 2000 Ohio BEST Practice Award for Breakthrough Programs and the 1998 Exemplary Programming for Children and Families by the National Organization of Social Workers.

Students take formation coursework at The University of Akron, then move to the medical school campus or one of 16 associated teaching hospitals in the area for advanced courses and clinical preparation. NEOUCOM graduates more than 100 physicians a year, and more than half enter a primary care specialty right here in Ohio.

The program admits only 20 students per year out of 200 applicants. Those graduating from the master's program boast a 95 percent pass rate on their National Certification Exams. In 2001, the school became a partner with Kent State University to offer the nation's first joint program leading to a Doctor of Audiology degree.

Founded in 1988, The University of Akron Press has 46 publications to its credit. A press publication, *Unearthing the Land: The Story of Ohio's Scioto Marsh* by Thomas Rumer, received the Center for Archival Collections' Local History Publication Award for 2000 in the Scholar Division. Press publications also have received awards from the American Association of University Presses, Choice, the Poetry Society of America, the Professional Football Researchers' Association, the Public Works Historical Society and the Society of Professional Journalists.

This innovative scholarship program provides students with unprecedented access to higher education at The University of Akron or at other fine universities across the country and abroad. The scholarships are focused on the long-term potential of talented students who have demonstrated leadership, scholarship and service. Awards range from $1,000 to $11,500 annually.

For the seventh consecutive year, the Residence Hall Program Board received the "Outstanding Comprehensive Programming Award" at the 2000 NACA Great Lakes Regional Conference in Louisville, Ky. This award recognized the yearlong programming efforts of the Akron group.

Four University of Akron student athletes were named in spring 2002 to the Arthur Ashe Jr. Sports Scholars list, presented annually by Black Issues in Higher Education magazine to undergraduate students of color who exemplify academic excellence and community activism in addition to athletic ability. First-team honorees are tennis player Ariana Rojas-Serpa and basketball team member Felecia Bell. Second-team honorees are football players Rickey McKenzie and Jesse Smith. The magazine established the Sports Scholar Award in 1992. To be included, student-athletes have to maintain a cumulative GPA of at least 3.2 and be active on their campuses or in their communities.

A team of University of Akron entrepreneurship students placed eighth in the world at the prestigious San Diego State University's 2001 International Business Plan Competition. The students' plan made the UA team one of 20 semifinalists from all over the world. Fifteen of the 20 semifinalists were already preselected from other competitions. Therefore, The University of Akron's team was one of five selected from a worldwide pool.

The University of Akron Child Life Program is one of only 32 in the nation, and one of only 14 programs that grant both B.A. and M.A. degrees. The Child Life Council, a national professional organization, began a professional examination three years ago as part of the requirement for becoming a Certified Child Life Specialist. As of 2001, the national pass rate is in the high 70s, while 100 percent of the recent UA graduates who have taken the exam have passed. Additionally, graduate enrollment in the program has tripled during the past three years.

The University of Akron placed 41 student-athletes in the sports of cross country, volleyball, football and soccer on the Mid-American Conference Academic Honor Roll as announced by the conference office on Jan. 9, 2002. UA's football squad led the way with 18 honorees, the most among MAC schools. Men's soccer and women's volleyball each placed eight student-athletes on the list, followed by three from women's cross country and two each from the men's cross country and women's soccer teams. In addition to the MAC Honor Roll, 110 UA student-athletes (31.1 percent of total student-athletes) earned Dean's List honors for the Fall 2001 semester. Fourteen finished the semester with a perfect 4.0 GPA.

The Alpha Upsilon Chapter of Chi Sigma Iota (International Counseling Academic and Professional Honor Society) received the 2002 International Outstanding Individual Program Award from the American Counseling Association for its contribution to advancing the counseling profession through outreach efforts. The UA chapter's award was due, in part, to the successful production of a weekend workshop on the mental health needs of gay, lesbian, bisexual, and transgendered persons.

Section 1.16: Research Centers and Institutes

Akron Polymer Training Center
Nancy Clem, Director

The University of Akron's 18,500-square-foot Akron Polymer Training Center is a teaching facility that serves the region's academic and industrial needs by offering a wide variety of credit and non-credit courses. The revamped structure, at the corner of East Mill and South College streets, contains three classrooms, two polymer processing laboratories, and a laboratory devoted to chemical measurement and instrumentation.

Ray C. Bliss Institute of Applied Politics
John C. Green, Ph.D., Director

The Ray C. Bliss Institute of Applied Politics in the Buchtel College of Arts and Sciences is one of the nation's premier centers of research and instruction on the "nuts and bolts" of applied politics. In fact, The University of Akron is one of only five institutions in the United States that offers such a program. The Bliss Institute conducts extensive research on political campaigns, campaign finance and political parties. The institute is nationally recognized for its quadrennial "State of the Parties Conference," held after each presidential election. The conference brings together political and journalistic analysts from around the nation to assess the state of the political parties and the health of American democracy. The Bliss Institute offers two unique academic programs — a master's in applied politics and a certificate in applied politics. The institute also is known for its excellent internship programs, which place student interns with campaigns, office holders, political parties and interest groups at the local, state and national levels. Each year, the institute exposes the public to a wide range of political viewpoints through a speaker series, other public programs, publications and commentary in the news media. In this context, the institute regularly hosts visiting political leaders from around the world that are seeking training in applied politics and insight into the American political process.

Institute for Biomedical Engineering Research
Stanley E. Rittgers, Ph.D., Director

This institute was established in 1979 to promote interdisciplinary studies in the rapidly growing areas of knowledge that overlap the fields of biology and medicine, on the one hand, and engineering and the physical sciences, on the other. It conducts seminars, courses and degree programs in biomedical engineering in association with the College of Engineering and individual departments.

In addition to its research and educational functions, the institute provides a research service to local hospitals and industry, as well as to private and government agencies. The premise for this program is that the combined resources of the University, Northeastern Ohio Universities College of Medicine and affiliated organizations will often permit more cost-effective solutions than would be possible by an individual or group doing the research independently.

The work of the institute is carried out by faculty of the Department of Biomedical Engineering in association with "members" selected from the faculties of The University of Akron and Northeastern Ohio Universities College of Medicine, as well as from the ranks of area physicians, engineers and scientists. The institute and the department occupy the third floor of the Olson Research Center on the north edge of the campus.

Center for Conflict Management

The center is represented by faculty from five colleges and over 15 disciplines. It also includes leaders from various community systems, such as schools, hospitals, courts, churches, mental health, social and health care agencies. In addition, the center has a fellows program in which outstanding faculty and community leaders are named as either fellows, adjunct fellows or senior fellows.

The center offers certificates in the following specialty areas: conflict management, case management, divorce mediation and home-based intervention. Any student, faculty member or community person interested in family issues is invited to call the director to learn how they can participate or learn more about the center's activities.

Center for Gerontological Health Nursing and Advocacy

The mission of the Center for Gerontological Health Nursing and Advocacy (i.e. Gerontology Center) is to advance knowledge about appropriate and effective health promotion and health care interventions for elders. The Center for Gerontological Health Nursing and Advocacy has a tripartite focus of education, research and service in addressing health care issues and advocacy of elders. Knowledge will be expanded through research and theory construction and testing, the development of "best practices" in multidisciplinary elder care and the use of novel educational strategies to prepare professionals in the delivery of elder care. The primary goal of the regionally and nationally recognized Center is to improve the health care and quality of life for elders.

The operation of the Gerontology Center is through the College of Nursing and unique collaborative relationships with the Institute for Health and Social Policy for the purpose of reciprocity in facilitating multidisciplinary research contributing to the mutual goals of the Institute and the Gerontology Center. In addition, the Gerontology Center will build on established collegial relationships with the fellows of the Institute for Lifespan Development and Gerontology.

Geographic scope of work for center projects extends from local jurisdictions through state, national and international projects. Most of the work conducted at the center is on behalf of government or nonprofit agencies or grant-funded subcontracts for faculty researchers. Center professional staff is available for consultation in the development of grant proposals and budgets.

The center has responsibility for the administration of the Board of Regents Urban University Program (UUP) which links eight state universities to collaborate on the identification of significant urban problems and propose solutions designed to improve the urban regions of Ohio. The University of Akron Urban University Program, in addition to the collaborative mission of the Ohio UUP, encourages community-oriented research and policy analysis through the Partnership Grant Program. Established in 1973, the Center for Small Business (formerly the Small Business Institute) offers full management assistance counseling to area businesses through the utilization of senior students, working as advisors under the supervision of College of Business Administration faculty. Over 350 firms have been serviced by the Center since its founding.

Center for Urban Studies

The Center for Urban Studies is The University of Akron's oldest policy research and professional service unit. Established in 1965, the center acts as a bridge between the University and the Akron community, Ohio and beyond in pursuit of the University's urban mission. Using the talents of faculty, researchers, support staff and students, the center explores important economic, social and political issues; works with others to reach a better understanding of these issues; and assists groups and organizations actively engaged in problem solving, coalition building, or strategic planning.

This multidisciplinary approach encourages faculty and graduate student participation from all departments with an urban focus. A part of the Buchtel College of Arts and Sciences, the Center for Urban Studies provides the setting and facilities through which interested faculty and graduate students become involved in urban research or professional service activities in the urban community. For many graduate students, experience gained in the Center for Urban Studies becomes an important complement to formal classroom training in their career participation.

English Language Institute

Debra L. Deane, M.A., Director

The English Language Institute, established in 1979, provides noncredit academic English as a Second Language instruction to international students and nonnative residents who plan to pursue an undergraduate or graduate degree at The University of Akron or another U.S. university. The intensive, 20-hour-per-week English program also serves students who wish to improve their English to meet their own professional and/or personal goals.

ELI courses at four levels of English proficiency target language and academic skills needed for successful study at a U.S. university: reading efficiently, writing clearly, taking lecture notes and communicating effectively with people on and off campus. Students also study grammar and vocabulary and prepare for the TOEFL test of English language proficiency, which is required for admission to the University. In addition, students receive a wide variety of support services designed to facilitate their transition to life and study in the United States.

The ELI serves as a resource on issues relating to language proficiency not only for University faculty, staff and students but also for members of the local community. ELI faculty can provide workshops and specialized courses to help departments meet the needs of their international students.

Notes: (1) Faculty FTE is, for non-individual studies, equal to the number of Fall semester undergraduate course credit hours taught divided by 12 and the number of graduate credit hours divided by 9. For individual studies, undergraduate courses and courses with less than three students, faculty FTE equals student credit hours divided by 60 (5x12); for similar type graduate courses, faculty FTE equals student credits hours divided by 27 (3x9). No faculty member was equated to more than 1.0 faculty FTE.

(2) Student FTE is a hypothetical student who enrolls in 15 credit hours per semester. The student FTEs in this table are course-based, not student-level based, indicators of productivity.

(3) Student Faculty Ratio (SFR) is the student FTEs divided by Faculty FTEs.

HIGHLIGHTS

Introduction

Section 3 contains information on The University of Akron students. Information concerning applications, admissions, attendance and headcount by rank is summarized in Tables 3.1 - 3.5. Tables 3.6 - 3.8 depict location of permanent residence by nation, state or Ohio county. Student headcount by college, department, program, attendance status and demographic characteristics data are presented in Tables 3.9 - 3.13. Tables 3.14 - 3.16 contain FTE trend data, student credit hour load information and full-year equivalent student (FYES) trends.

Changes from Prior Year Information Releases

The data definitions that were revised for Fact Book 2001 remain in this version. Students are now associated with their college of declared major. Additionally, some changes appear that are associated with the conversion to the PeopleSoft Student Administration System. Students are now able to declare a certificate program as their degree of study as is apparent in Table 3.10. Also, there are major codes that are specifically designed for those students not pursuing a program or degree, but taking credit coursework as "non-degree seeking or unclassified" students. For those students, their enrollment is not counted within the academic college, but under "Unclassified / Non-Degree Seeking".

Numbers reported in the Fact Book will differ slightly from those reported to the Ohio Board of Regents' Higher Education Information (HEI) system. Student headcount and credit hour production in the Fact Book are derived from the semester opening census date (15th calendar day) numbers. Students who enroll in flexibly scheduled course sections after the 15th calendar day, but before the HEI census date, are not reported here. They are reported in HEI. Degrees awarded reported in the Fact Book are of the date the commencement file is loaded. Students who are retroactively added to commencement files are not in the Fact Book, but may be reported in HEI if they are added prior to the annual HEI degree file submission.

NOTES:
(1) "% OH HS" is the percentage of applicants who graduated from Ohio high schools, excluding applicants who did not report any high school information. Average GPA reflects final, official transcript information.
(2) "% Black Male" is the percentage of male applicants, excluding "Non-Resident Alien" and "Other/Unknown" who reported African American as their ethnicity on the application for admission.
(3) "Accept Ratio" is calculated by total applicants accepted divided by applicants applied.
(4) "Yield Ratio" is calculated by total applicants enrolled divided by applicants accepted.
(5) "Unclassified / Non-Degree Seeking" include students who have not yet declared a major of study.
(6) Wayne College applicants include those who applied to an associate degree program offered at Wayne only and those students with undeclared majors who submitted their application to Wayne College.
(7) New freshmen and transfer students reflected in this table applied specifically for the Fall 2001 semester. In the enrollment tables that follow, these same students are reflected as "New" and "Transfer". At the college level, students may have changed majors since the time of their application, thereby resulting in discrepancies between tables.
(8) Only new freshmen and transfer applicants are reflected here. All unclassified applicants, such as postsecondary, transient or guest, and postbaccalaureate applicants are not included.
(9) Headcount by college includes all declared majors.

NOTES: (1) "% OH Res" is the percentage of students who indicated Ohio as their residence on their application for admission.
(2) "% Non-White" excludes "Non-Resident Alien" and "Other/Unknown".
(3) "Accept Ratio" is calculated by total applicants accepted divided by applicants applied.
(4) "Yield Ratio" is calculated by total applicants enrolled divided by applicants accepted.
(5) Only applicants applying for formal acceptance into a graduate program and reviewed for acceptance by the academic college are included in this table. Non-degree seeking or unclassified applicants are not.
(6) New graduate students reflected in this table applied specifically for the Fall semesters listed. In the enrollment tables that follow, new graduate students may have applied in previous semesters thereby resulting in discrepancies between the application and enrollment tables.
(7) School of Law applicants are not entered on the Student Records System until they are accepted. The number of applicants is provided by the School of Law Admissions office.

NOTES: (1) Unknown undergraduate admission includes guest or transient students, postbaccalaureate students, students who do not qualify for regular admission to the university or who are participating in a special short-term academic program. Unknown graduate admission include students who wish to take particular courses but are not working toward a graduate degree, special workshop students permitted to take workshops only for graduate credit without being admitted to the Graduate School, and guest or transient students.

(2) Unclassified / Non-Degree Seeking (NDS) rank includes postbaccalaureates as well as non-degree seeking students. At the college-level, Wayne College NDS students and undeclared majors are included in Wayne's headcount numbers, all other UA NDS students are in the Unclassified / NDS row.

(3) Headcount by college includes all declared majors, not just those formally admitted into that college. Students are counted only once, by the home college of the program they are enrolled in.

(4) "New" and "Transfer" students above reflect the college of their major at the time of census enrollment. This may differ from the major at at the time of their application, thereby resulting in discrepancies between the application and enrollment tables.

NOTES: (1) "Unclassified / Non-Degree Seeking" (NDS) includes non-degree students as well as undeclared majors. At the college-level, Wayne College NDS students are included in Wayne's headcount numbers, all other UA NDS students are in the Unclassified / Non-Degree Seeking row.

(2) Headcount by college includes all declared majors, not just those formally admitted into that college. Students are counted only once, by the home college of the program they are enrolled in.

(3) "First-Time First Year" students represent those students who are enrolled in college for the first time and after earning either a high school diploma or GED.

(4) The number of students with undeclared majors or those not yet admitted to a degree-granting college are as follows:

	1999	2000	2001
University College	7,795	7,608	8,244

(5) Law School students are classified Day/Evening based upon program of admittance. Day students are considered full-time while evening students are part-time. Breakdown for day/evening students are as follows:

	1999	2000	2001
Day	377	364	368
Evening	188	164	215

(6) Students whose majority of SCH were at Wayne College:

NOTES: (1) "Unclassified / Non-Degree Seeking" (NDS) include non-degree students as well as undeclared majors. At the college-level, Wayne College NDS students are included in Wayne's headcount numbers, all other UA I NOTES: students are in the Unclassified / Non-Degree Seeking row.

(2) Headcount by college includes all declared majors, not just those formally admitted into that college. Students are counted only once, by the home college of the program they are enrolled in.

(3) The number of students with undeclared majors or those not yet admitted to a degree-granting college are:

	1999	2000	2001
University College:	7,795	7,608	8,244

(4) Law School students are classified Day/Evening based upon program of admittance. Day students are considered full-time while evening students are part-time. Breakdown for day/evening students is as follows:

	1999	2000	2001
Day	377	364	368
Evening	188	164	215

(6) Students whose majority of SCH were at Wayne College:

1997	1998	1999	2000	2001
1,385	1,656	1,573	1,515	1,736

NOTES: (1) Student FTE is a hypothetical student who enrolls in 15 credit hours per semester.

(2) Headcount of students whose majority of credit hours were taken at Wayne College:

Fall 1997	Fall 1998	Fall 1999	Fall 2000	Fall 2001
1,385	1,656	1,573	1,515	1,736

(3) Developmental level courses do not carry academic credit toward a degree program. Lower Division includes course numbers under 300 (1st & 2nd year). Upper Division includes 300 and 400 level courses (3rd & 4th year). Graduate courses are numbered 500 and above.

(4) Although the following programs report to the SVPP, in this Fact Book the student credit hours generated by them are reported under degree granting colleges. Aerospace Studies, Military Science and the Honors Program are reported in BCAS. Women's Studies is under FAA.

(5) FTE is rounded to the nearest tenth Therefore, totals may not add due to rounding.

NOTES: (1) Headcount (HC) and Student Credit Hours (SCH) by college includes all declared majors, not just those formally admitted into that college. Students are counted only once, by the home college of the program they are enrolled in.
(2) Unclassified (UNC) includes non-degree seeking students and those not yet declaring a major.
(3) "<" stands for "less than"; ">" stands for "greater than". For example, "< 1 Cr" stands for "less than 1 credit hour."

NOTES: (1) "FYES" or Full Year Equivalent Student is the sum of Summer, Fall, and Spring semester SCH / 36.

(2) Headcount of students whose majority of credit hours were taken at Wayne College:

Fall 1997	Fall 1998	Fall 1999	Fall 2000	Fall 2001
1,385	1,656	1,573	1,515	1,736

(3) Developmental level courses do not carry academic credit toward a degree program. Lower Division includes course numbers under 300 (1st & 2nd year). Upper Division includes 300 and 400 level courses (3rd & 4th year). Graduate courses are numbered 500 and above.

(4) The credit hours in this table are course-based, not student-level based.

(5) Although the following programs report to the SVPP, in this Fact Book the student credit hours generated by them are reported under degree granting colleges. Aerospace Studies, Military Science and the Honors Program are reported in BCAS. Women's Studies is reported in FAA.

HIGHLIGHTS

Introduction

Section 5 contains information on The University of Akron fiscal year revenue and expenditures, tuition and fees, and selected comparative data. Tables 5.1 and 5.2 contain data on revenues by source for UA vice presidential units, colleges and schools. Table 5.3 contains data on expenditures by source for UA vice presidential units, colleges and schools. Tables 5.4, 5.5 and 5.6 report student financial assistance. Table 5.7 shows UA tuition and fees and in Table 5.8 these fees with other selected institutions. Tables 5.9 – 5.11 places UA figures within the State of Ohio context, while Table 5.12 provides national education price information.

Changes from Prior Year Information Releases

Last year graduate assistantships were report by the College / Department, Assistantship Type and Student Residency Status (resident / nonresident alien). This year Tables 5.5 and 5.6 add an additional dimension, the source of funding: the graduate school, a grant, or the department can fund assistantships. Table 5.5 reports graduate assistantships by College / Department, Source of Funding and Student Residency Status. Table 5.6 reports graduate assistantships by College / Department, Source of Funding and Assistantship Type.

Highlights

- In FY01, total University revenue increased to $294.2 million (+6.7%). Unrestricted revenue increased to $251.4 million (+6.3%). Student fees increased to $98.9 million (+6.3%). State appropriations increased $102.9 million (+4.2%).

- In FY01 restricted revenues, as a proportion of total revenues, remained stable at 14.5%. The restricted endowment income increased by 41.3%, restricted federal grants increased by 10.5% and restricted private income increased by 9.7%.

- In FY01, total Educational & General expenditures increased $18.5 million (6.9%) to $285.4 million. Institutional support increased $16.5 million (62.7%) to $42.8 million. Student aid increased $2.2 million (7.1%) to $33.0 million. Research expenditures increased $1.9 million (13.1%) to $16.2 million. For the first time since FY98, ERIP expenditures were eliminated.

- In FY02, annualized resident undergraduate tuition for both the Community & Technical College (44186) and Wayne College ($3574) are the highest among Ohio's state-assisted community colleges and state-assisted technical colleges. Wayne College has the second highest resident tuition among state-assisted branch campuses.

- In FY02, UA resident undergraduate annualized cost was $4,930; $43 below the average for Ohio's state-assisted universities. UA's average resident undergraduate cost increased by 7% from FY01 to FY02, equal to the statewide average. UA's cost ranks in the middle of Ohio's state-assisted universities: six have higher cost and six have lower costs.

- UA resident undergraduate tuition is greater than the average for selected national peer institutions. In FY02, it was just 2% above the MAC average, but 26% above the Urban 13 average and 32% above the MUG average.

- In FY02, UA non-resident undergraduate annualized cost was $11,131; $233 higher than the average for Ohio's state-assisted universities. While the average non-resident undergraduate cost increased by 9% statewide from FY01 to FY02, UA's rate increased by just 3%.

(2) Negative numbers are in parentheses.
(3) In FY98 the University adopted the provisions of GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools.* This change in accounting procedures led to the creation of the "Unrealized Appreciation (Depreciation) on Investment" line in the report. For a detailed explanation see Audited Financial Statements, FY98, page 11.
(4) These are total University of Akron figures and include Wayne College.
(5) "Unrestr" and "Restrict" are abbreviations for "Unrestricted" and "Restricted", respectively.

NOTES: (1) The distribution of student credit hours (SCH) by college is used to prorate tuition revenues to the appropriate colleges.

(2) "Course & Computing Fees", and" Information Technology Fee" revenues are directly traced to the college providing the course. The University-wide Technology fee was implemented in FY00; however, the College of Engineering implemented its own technology fee two years earlier. With the exception of Wayne College and the College of Engineering (which retain 100%), 35% of the fees collected stay in the college and the remaining 65% is distributed to the VPCIO division for central use. In FY01 a sum of $883,718 was distributed to the colleges, which is reflected in the subsequent college detail that follows.

(3) "Other Student Charges" include General Service Fees (net of Intercollegiate Athletics support) and miscellaneous fees that cannot be attributed to colleges or linked to credit hour production.

(4) "Instructional Subsidy-Earned" is The University of Akron's share of the State's Instructional Support allocation.

(5) "Challenge Support" includes: Success Challenge allocation, which is based on retention and timely graduation of at-risk students, and Access Challenge allocation, which is provided to partially offset the controlled tuition of the Community & Technical College and Wayne College

(6) "IGB" (Institute for Global Business) is a unique line item in the State budget. The funding is applied to the College of Business Administration's operating budget.

NOTES: (1) Numbers are in thousands of dollars and reflect expenditures prior to the redistribution of computer expenses to the departments.
(2) Detail data represents current organizational structure. Most of the rearrangement of accounts are the result three major changes. Accounts were moved from the Sr. VP & Provost to the VP for Student Affairs and VP Research/Dean of Grad School, as those new vice presidents developed their offices. The Central Accounts are reported separately from the VP for Business & Finance. Following the practice established last year, Aerospace Studies, Military Science and the Honor's program are reported in BCAS. Women's Studies is reported in FAA. While these programs report to the SVPP, their expenses are reported under degree granting colleges.
(3) ERIP, Student Worker, Student Financial Aid, and Auxilary accounts are each grouped separately.
(4) Faculty research grants are grouped to the Vice President for Research & Graduate Studies.

NOTES: (2) Pursuant to the rules established by Senate Bill 6 (122nd Gen. Assembly), a composite score of or below 1.75 for two consecutive years would trigger a fiscal watch.

(3) At the time this analysis was prepared, Central State University was not subject to S.B.6.

(4) "N/A" indicates that the ratio is not calculated because the institution had a plant debt of less than $50,000.

(5) As prescribed by Ohio Administrative Code rule 126:3, the methodology for calculating the three ratios is as follows:

Viability Ratio: Expendable fund balance divided by plant debt;
Primary Reserve Ratio: Expendable fund balance divided by total current funds expenditures and mandatory transfers;
Net Income Ratio: Net total revenues divided by total revenues.

IBM System/390 Enterprise Server

The System/390 Parallel Enterprise Server general-purpose models are a continuation of the Complementary Metal Oxide Semiconductor (CMOS) product family. The 9672 Model Y26 is a Generation 5 S/390 Parallel Enterprise Server that contains a two-way central processor.

Memory:	5 GB Central Storage
Speed:	296 MIPS
Channels:	24 Parallel channels - 4.5 MB/sec copper channels 32 ESCON - 17 MB/sec fiber optic channels

Channels - Parallel
The parallel channel feature provides three channels on one card. Each parallel channel attaches from one to eight control units and addresses up to 256 I/O devices.

Parallel channel cabling can be done using existing Bus and Tag cables from the first control unit on each channel to the 9672. At the 9672, a 78D-pin parallel jumper cable will be provided to connect the bus and tag cables to the parallel channel card. The 9672 will continue to support Bus and Tag cable lengths up to 400 feet.

Channels - ESCON
The ESCON (Enterprise System Connection) Channel consists of one card in the System/390 Parallel Enterprise Server and contains four channels. The ESCON Channel allows for attachment of I/O control units using a fiber optic cable, with higher speed and over longer distances compared to attachment via the Parallel Channel. The I/O devices attach through control units equipped for ESCON attachment. One control unit can be attached directly, point to point, to an ESCON Channel; several control units can be attached via an ESCON Director. The ESCON Channel allows the addressing of up to 1024 I/O devices per channel to the System/390 Parallel Enterprise Server.

The System/390 Parallel Enterprise Server allows 120 control units per ESCON channel. All ESCON channels are capable of operating at a data rate of up to 17 MB per second.

2105-F20 IBM Enterprise Storage Server
The IBM 2105 Enterprise Storage Server, IBM development code name "Shark", is the latest in IBM DASD. The ESS has 2.9 terabytes of storage and is based on a RAID 5 (Redundant Array of Inexpensive Disks) fault tolerant DASD architecture. The disk array consists of 112 high performance 36 gigabyte drives that emulate OS/390 3390 Model 3 devices. The response time for the 3390 devices ranges from less than 1 millisecond to upwards of 6ms. These fast response times are attributed to the 10,000 RPM high performance drives along with the 8 gigabytes of cache memory in the controller. The OS/390 system uses 16 fiber optic ESCON channels with a maximum transfer rate of 17 MB/sec each for a total theoretical throughput of 272 MB/sec or 2.2 Gbits/sec. Other operating systems, such as UNIX and NT, use SCSI attachments to interface with the ESS.

Capacity:	2.9 terabytes allocated as follows: • 1.26 terabyte for production OS/390 • 1.26 terabyte for Flashcopy Backups of production • 420 gigabytes for test OS/390
Cache:	8 GB
Channels:	16 ESCON 8 SCSI

IBM 3494 Magstar Tape Library

The IBM Magstar Tape Library is the latest in automated tape library technology. Consisting of only four frames, there are two separate tape library systems housed within the physical complex. The first library system is a traditional automated tape library system similar to the previous Sutmyn ATL. The new technology has increased the storage capacity of the cartridges to 120 megabytes, 200 times the capacity of the previous cartridges. The second library system is a virtual tape system that utilizes a disk cache subsystem to emulate 32 virtual tape drives. Depending on the activity and utilization of the cache, the virtual tape is eventually written to a physical cartridge containing other virtual volumes. In addition to automation, the virtual tape system enables the system to effectively utilize the entire capacity of these high density tape cartridges. The two independent library systems have their own physical tape transports and control units but share other common components such as the robotic arm and storage cells.

Tape library automation provides for fast retrieval of data stored on tape using software controlled robotics. With automation, labor requirements associated with mount, shelving and cataloging tape are reduced. Automation simplifies implementing unattended operations for backups and makes it possible to improve services by moving applications, such as report distribution and microfiche, to tape in a cost effective manner. The result is improved tape mount operations with lower overall storage costs.

ATL/VTS Capacity: 805 cells/cartridges
ATLTransports: 3590 E quantity: 4
VTS Physical Transports: 3590 E quantity: 4
VTS Virtual Transports: 3490 quantity: 32
Individual VTS 3590 cartridge capacity: 20 GB uncompressed, 60 GB compressed
Individual ATL 3590 Expended cartridge capacity: 40 GB uncompressed, 120 GB compressed

Continuing Education and Evening Division

Administrative changes:

1. 1994: The offices of Continuing Education, Public Service, and Outreach (CEPSO) were reorganized as The University of Akron Service Centers (UASC). This decentralized system served as a service support unit for the colleges. UASC supported academic programs in the colleges. Revenue was generated on a fee-for-services basis.

2. 1997: UASC was reorganized as the Division of Continuing Education. This centralized unit functioned as a developer of original programming as well as a fee-for-services provider. The Division continued to function with noncredit programs, but generated income which was based on programming.

3. 1998: The Division of Continuing Education was reorganized as Continuing Education and the Evening Division (centralized unit). This unit generates income from credit and noncredit programming as well as fee-for-services.

4. 2001: Continuing Education and Evening Division was reorganized as Workforce Development and Continuing Education. This unit generates income from noncredit programming as well as fee-for services.

TABLE 6.12 2001 - 02 Distance Learning Network

Distance Learning Classrooms (DLC)

These classrooms are equipped to deliver synchronous 2-way video and audio via fiber optic or T-1 technology, including a touch-sensitive SMART Board with internet capability, allowing multimedia delivery of course content. Each facility is capable of connecting up to five different locations simultaneously.

Technology Enhanced Classrooms (TEC)

These classrooms are equipped with a ceiling mounted video/data projector, VHS player, 8 ft. electric screen, audio mixer with sound amplification, an internet connection and telephone. Faculty and students can project video, receive cable television, display data, and interact on the internet. These rooms are capable of video conferencing events.

HIGHLIGHTS

Introduction

Section 7 provides descriptive statistics on The University of Akron physical facilities (buildings and grounds) and selected indicators of their use. Table 7.1 lists UA buildings by campus, year of acquisition, size and value. Tables 7.2 & 7.3 show room and space distribution by building and use. Table 7.4 contains occupancy rates for residential buildings and Table 7.5 contains enrollments for classrooms by day and start-time. Dispersed throughout Section 7's 5 tables are 13 charts that highlight key indicators and trends.

Highlights

- In Fall 2001, The University of Akron owned 70 buildings on a main campus situated on 184.69 acres. UA has the use of an additional 6 buildings owned by The University of Akron Foundation.
- The University owned an additional four buildings on the Wayne College campus in Fall 2001. Wayne College is situated on 151.23 acres.
- UA's owned buildings had over 5.6 million gross square feet, with a book value over $300 million and a replacement value of $680 million.
- The average age of owned buildings was 41 years. About 62% of these buildings were over 30 years old and 31% were over 50 years old. Fifty-four percent of the buildings representing 46% of the gross square feet were built or renovated over 30 years ago.
- The University held classes both during the week and on weekends with starting times from approximately 6:00 am to after 8:00 pm. Monday, Tuesday and Wednesday have the heaviest enrollments (23%, 21%, and 24% of the total weekly enrollment respectively). One percent of enrollments were on weekends, while two percent were in class with meeting times designated as "To Be Announced" (TBA).
- Regularly scheduled classes with starting times before 9:00 am represented 15% of enrollments, those with starting times from 9:00 am to 4:00 pm represented 67% of enrollments and those with starting times after 4:00 pm represented 15%.
- In Fall 2001 the overall residence hall occupancy rate was 101%, 5%higher than in Fall 2000. Occupancy rates of individual halls ranged from a high of 103% for Orr Residence Hall to a low of 88% for the Town Houses(East Crown) and Wallaby Residence Hall.

Glossary

ACT Equivalent Score
The derived ACT composite scores are based on the same percentile rank for students who submit SAT scores only. Information on the study is found in College Board Report NO. 92-3, Methods Used to Establish Score Comparability on the Enhanced ACT Assessment and the SAT, by G.L. Marco, A.A. Abdel-fattah, & P.A. Baron.

ACT/SAT Composite Score
ACT/SAT Composite uses the ACT combined score if reported. If only the SAT score is reported, the ACT Equivalent score is used.

Academic Estimated Revenue Generation Report (AERG)
This report estimates the distribution of the actual fiscal year revenues received from (1) tuition and general service fees and (2) subsidy by UA department.

Accepted
Person whose enrollment application credentials have been processed and approved by Director of Admissions.

Accept Ratio
Accept ratio is calculated by total applicants accepted divided by applicants applied.

Administrative Staff
Employees whose assignments require primary and major responsibility for management of the institution, or a customarily recognized department or subdivision thereof. Included are the President, Vice Presidents, Deans, Institute Directors, and other officers of academic departments whose principal activity is administrative in nature. Supervisory personnel of the technical, clerical, skilled craft, and maintenance forces are reported within those specific categories.

This includes ALL bachelor degrees conferred in a five-year cooperative (work-study plan) program. (A cooperative plan provides for alternate class attendance and employment in business, industry, or government; thus, it allows students to combine actual work experience with their college studies). Also, it includes bachelor degrees in which the normal four years of work are completed in three years.

Base Year
The year used for the comparison of subsequent year's data.

Boeckh Building Cost Index
E. H. Boeckh monitors building construction expenditure patterns and computes an index for apartments, hotels, and office buildings. This index is based on a fixed input of wages and building material prices weighted together in accordance with their importance to the cost of a unit of construction in the base period. The construction index is published in Building Cost Index Numbers, E. H. Boeckh, A Mitchell International Company, and reported in Construction Review, U.S. Department of Commerce.

Book Value
The value of property that appears on the balance sheet.

Capital Equipment Index (CEI)
Ratio of the aggregate purchase price of a set of capital plant equipment in the base year to the aggregate price of the same set of equipment in another year, used to measure the effect of inflation on purchases.

The Carnegie Foundation has issued a revised 2000 edition and a long-term plan to undertake a comprehensive revision of the classification system scheduled for release in 2005. Additional information about the Carnegie Classification is available at: http://www.carnegiefoundation.org/Classification/index.htm

Student Faculty Ratio (SFR) is the student FTEs divided by Faculty FTEs.

Student Rank

The division of students by the number of credits earned. (i.e., Freshman, Sophomore, Junior, Senior, Graduate).

Technical Staff

Employees whose assignments require specialized knowledge or skill which may be acquired through experience or academic work that is offered in many two-year technical institutes, junior colleges, or equivalent on-the-job training.

Tenure

Full-time Faculty holding professorial rank (regardless of funding source) whose coding in the HR system indicates that they are appointed for an indefinite term without the necessity of reappointment each year.

Transfer Students

Students enrolling with credit from a previous college.

Tuition

Amount of money charged to students for instructional services.

Unclassified Student

A student who has been accepted as a degree-seeking student but has not declared a major.

Unclassified / Non-Degree Seeking (NDS) Students

Includes **unclassified**, postbaccalaureate, as well as **non-degree seeking** students. At the college level, Wayne College NDS students are included in Wayne's headcount numbers. All other UA NDS students are included in the Unclassified/Non-Degree Seeking count.

Unconditionally Admitted Students

Students who meet the criteria for general University admission, but not the criteria for direct admission to a UA degree granting college.

Unknown Undergraduate Admission

Unknown undergraduate admission includes guest or transient students, postbaccalaureate students, students who do not qualify for regular admission to the university or who are participating in a special short-term academic program. Unknown graduate admission includes students who wish to take particular courses but are not working toward a graduate degree, special workshop students permitted to take workshops only for graduate credit without being admitted to the Graduate School, and guest or transient students.

Unrealized Appreciation

An increase in the value of an asset that continues to be held. The owner will realize the gain only when the asset is sold.

Upper Division

Courses at a level of comprehension usually associated with junior and senior students and offered during the last half of a baccalaureate degree program. In general, these courses are numbered at a higher level than the freshmen or sophomore level courses (e.g., 300 or 400 numbered courses as opposed to 100 or 200 numbered courses).

Visiting Faculty

A person appointed to fill a temporary vacancy or a person on leave from another institution, an eminent scholar or an expert appointed for a limited time and a specific objective.

Wayne College

Established in 1972, Wayne College is a 2-year branch campus of The University of Akron and is located in Orrville, Ohio.

Yield Ratio

Yield ratio is calculated by total applicants enrolled divided by applicants accepted.
